ENGLISH DEPARTMENT NEWSTETTER 2008

An Exceptional English Environment!

A wide range of opportunities to use English has created an exceptional English environment this year at HKCWC Fung Yiu King Memorial Secondary School. Take a look at some of our highlights!

English Enhancement Scheme

Includes English Wonderland, English Builder and the NSS Short Story Programme.

Students guessing an animal from some clues

English Wonderland - Everyone's a Winner!

English Wonderland has been popular this year with junior taking the opportunity to practice English and win great prizes. Each Thursday lunchtime, fun and interactive tasks are created by Ms Viola Chow and the English Ambassadors along with our service provider.

The focus is on students producing oral English in order to build up their speaking skills. "We choose topics that the students are familiar with so they can have the confidence to speak and achieve success," explained Ms Viola Chow.

Activities have ranged from asking questions to guess a mystery animal, solving cryptic

puzzles and matching clothing and music to countries. When students complete the activity, they are given a stamp which they collect to win prizes.

"The games are so good because you can learn English and have fun!" said Olivia Wong from 1E.

Joseph Woo (1C), one of the English Ambassadors, said English Wonderland improves his English as he can explain to others how to play. Through helping with the games, English Ambassadors help improve their English communication skills.

Everyone's a winner!

How many stamps do I have?

Can you match the music to the country?
